Bioinformatics and Computational Biology Faculty Candidate Research Seminar

Thursday, April 2nd at **1:45pm**
Lee Liu Auditorium: Howe Hall

Coffee & hors-d’oeuvres will be served starting at 3:10pm in the Atrium

**Machine Learning**

Approaches to Deep Sequencing Analytics

**Research Areas**

- Bioinformatics
- Data Science and Informatics
- Machine Learning

This Seminar is made possible as an initial part of the BCB hiring initiative in which the Department of Computer Science at Iowa State University seeks outstanding applicants for a Full Professor at the intersection of big data analytics in bioinformatics and computational biology.
