

FALL 2023 INDUSTRY LECTURE SERIES

ABOUT

The lecture series serves as a way for us to connect students, postdocs, and faculty with practitioners in the information technology, software, and related industries and learn more about potential opportunities for involvement.

Join us on Monday's from 4:25-5:25pm in Atanasoff 223 to hear from industry professionals, ask questions, and connect with others who are passionate about the future of computer science.
